G-Connect

Gebesa
CREATING AMAZING SPACES

G-Connect

Modular

G-Connect offers extensive configuration possibilities to **create dynamic environments** that integrate technology seamlessly and intelligently.

With its clean lines and distinctive aesthetic, **G-Connect** is designed to support the demands of today's workplace.

Power & Data Integration System

Sliding mechanism for cable access

(Sliding mechanism not available on G-Connect Level)
*Patent pending

Recommended system
Byrne 4-trac
-See price list

G-Connect Level

Modular

Its **modern and smart** design makes it perfect for professional environments while addressing the **specific needs** of a workspace.

Thanks to its cable access system and durable materials, **G-Connect Level**

helps create a collaborative environment with a sense of order that is not only visually appealing but also reduces cable clutter, **extending product longevity** while helping prevent potential accidents.

Delta Leg

*Breaks away
from the linear...*

The desk with **Delta leg** combines strength, functionality, and elegance.

The contrast of asymmetrical forms creates a unique look, **reinventing a category** while bringing a more dynamic feel to the environment.

It creates the perfect configuration with a **distinctive and unique aesthetic.**

CREATING AMAZING SPACES

Ascend

Ascend

Modular

Maximizing style and efficiency, the **Ascend** line balances wellness and productivity.

Designed for today's pace of work, **Ascend** creates an optimal office environment tailored for **working seated or standing**.

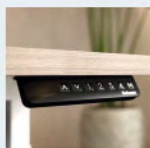

All made possible by its **height-adjustable options**, delivering enhanced ergonomics and adaptability.

- “T” or “C” leg options
- Two- or three-segment legs
- Allows straight configurations, 90° and 120° layouts, adapted to **L-shapes, clusters of three, or linear setups**
- Thanks to the Beam, you can integrate **power and data**
- **Ergonomic** with adjustable height, benching, technology integration, and storage
- **Complement** your workstation with screens and accessories

Choose between two control options

Our Control Handset with programmable positions or Control Paddle.

Control Handset

Control Paddle

Gebesa^{IA}

Take your experience **to the next level** with the **Gebesa IA app**, designed to easily and conveniently **control your Ascend workstation**.

Thanks to its artificial intelligence integration, the app **learns your habits and preferences** to deliver a more intuitive, comfortable, and personalized experience—adapting to your daily workflow.

Download for free

Anti-Collision System

We integrate an **anti-collision sensor** into **Ascend desks**, designed to detect resistance and **automatically** stop movement to help prevent accidents.

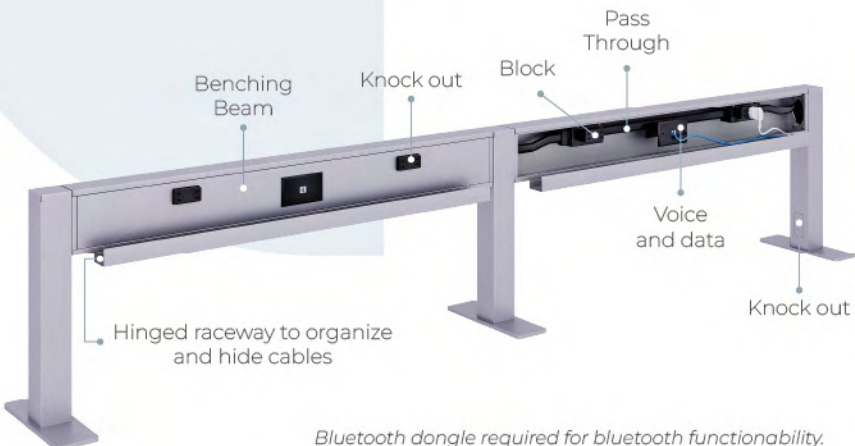

Ascend Beam

The **Ascend Beam** provides efficient power and data distribution.

Available for the entire **Ascend line** and compatible with any configuration.

- Can be configured at **90° or 120° angles**, as well as **linear layouts**
- **Compatible** with new or existing workspaces
- Includes cable management channels to **organize and conceal wiring**
- Option to **add privacy panels**

*Bluetooth dongle required for bluetooth functionality.
Dongle sold separately.*

Color may vary from the image

Laminate Base

Enhanced Privacy

We understand how important it is to provide **privacy within the workspace**. **Ascend** includes a modesty panel that not only enhances the office aesthetic, but also **delivers greater privacy**.

*Available in
low-pressure
laminate only.*

Design and Character

Every detail has been carefully designed to offer the perfect balance of **functionality and style**. The two drawer base options integrated into the desk legs not only provide **robust support**, but also deliver a new level of distinction.

Gebesa
CREATING AMAZING SPACES

Ascend

Configurations

Benching

Ascend Benching delivers ergonomics through adjustable height and integrated technology. It features **independent** worksurfaces, allowing each user to select their preferred height for a more personalized experience.

◦ Beam System

Power and data distribution on both sides.

◦ Dual Design

Promotes user interaction within shared stations.

◦ Power Integration

Electrification on both sides.

Gebeso
CREATING AMAZING SPACES

Conference Table

The **height-adjustable** conference table is the perfect solution to **enhance your office interior design**.

It can be integrated in multiple ways with features that make it a **dynamic element** for users.

G-Connect Credenza

with Ascend

Combines additional storage and adjustable height in a functional design, **ideal for open or private offices.**

Its ergonomics minimize the impact of prolonged postures, promote organization, and **enhance productivity.**

Ori Screen

Ascend

A **screen** designed to divide spaces while enhancing comfort **without overwhelming** the environment.

Acoustic Absorption

The acoustic absorption panel is made of **100% polyester fiber** with a porous structure, achieving an ideal balance of **privacy, sound control, and lightness**.

Unlimited Creativity

The panel allows **perforations and decorative cut-out patterns**—linear, organic, or geometric—bringing **identity and character** to the space.

Its design is **impact-resistant**, stable under temperature and humidity changes, easy **to install**, and **simple to maintain**.

Agate Gray

Smoke Gray

Standard Sizes:

Height: 12", 18" and 24"
Thickness: 0.47" (12 mm)
Approximate weight: 0.41 lb/ft² (2 kg/m²)

Gebesol
CREATING AMAZING SPACES

Suspended Pedestal

Ascend

Functional storage that frees up space

The **Ascend Suspended Pedestal** mounts directly to the worksurface, keeping the lower area clear and contributing to a light, contemporary aesthetic within the workstation.

Smart Configuration

Two drawers:

- 1 Top utility drawer with **interchangeable** core lock
- 2 Bottom **file** drawer

Suspended Design

Attaches directly to the worksurface or desk structure, with no floor contact—promoting **ergonomics, visual cleanliness, and flexibility**.

Robust Metal Construction

Manufactured in steel with **structural reinforcements** and full-extension metal slides to ensure reliable daily use.

High Performance

Each drawer supports up to **44 lb**, combining strength with smooth operation.

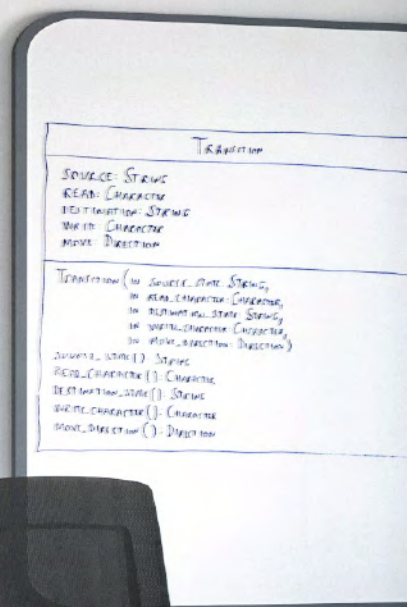

Integrated Finishes

Available in white and aluminum texture for a clean, cohesive **integration with the Ascend line**.

A precise, functional, and lightweight design

Created for **modern workstations** that seek organization without overwhelming the space.

Gebeso
CREATING AMAZING SPACES

Urban

Urban

Modular

The **Urban** line redefines collaborative spaces. With its innovative elements and customizable accessories, Urban **enhances your organization's identity**.

Designed for **sophisticated wire management**, this line is clean, modern, dynamic, and delivers **strong ergonomic performance**.
